

This is a marine crane slip ring.
Power capacity and channel number are optional.

Can integrate with signal module,
pneumatic/hydraulic module and multi-channel
fiber optic rotary joints.

Optional protection grading and
explosion-proof grading.

Electronic & Electric			Mechanical	
Circuits	Total	25CKT	Working Speed	0~10rpm
	Detail	3*300A+1*PE+3*50A+ 2*10A+16*signal	Contact Material	High-end Copper Graphite/ Precious Metal
Rating Voltage		690VAC/380VAC/220VAC	Housing	Q235 Spray Coating(RAL 7035)
Dielectric Strength		2000VAC@50Hz(P) 500VAC@50Hz(S)	installation	Vertical Installation
Insulation Resistance		≥1000MΩ@1000VDC(P) ≥500MΩ500VDC(S)	A hole diameter	/
Environment			Remarks	
Working Temperature		-10°C~+45°C	Application	Marine Crane
Working Humidity		≥95%RH	Other	/
IP		IP44
